

Meet your Tutor

SECHABA MKHAYA

Hi everyone! My name is Sechaba Mkhaya, and I am currently in my final year of studying LLB at the University of Pretoria. Even though I am studying law, I have a very big passion for teaching and helping others, especially young learners like you!

I truly enjoy working with young minds because I believe every learner has something special and unique to offer. It has been such a blessing to be part of so many students' journeys and to see them grow, improve, and become more confident in themselves and their abilities.

I teach a variety of subjects, including Afrikaans, Mathematics, English, and History. I work with learners from Grade 4 all the way up to Grade 12, depending on the subject and what help is needed. No matter your level, I always try to make learning fun, simple, and exciting!

I enjoy creating a positive and friendly space where everyone feels comfortable to ask questions, make mistakes, and learn at their own pace. My goal is not just to help you pass your subjects, but to help you understand your work, believe in yourself, and enjoy learning along the way.

I am really excited to work with you and be part of your learning journey!
