

Meet your Tutor

JAMES NAUDÉ

Hi, I'm James. I matriculated from Westville Boys' High School before moving on to the University of Pretoria, where I'm currently in my third year of BCom Accounting Sciences on the CA(SA) track. Balancing a demanding academic programme has taught me firsthand what it takes to stay organised, work through difficult material, and keep pushing even when things get tough, and that's exactly the mindset I bring into tutoring. I approach every session with patience and a genuine interest in how each student learns best, because no two learners tackle a problem the same way. My goal isn't just to help students get through their work, but to help them actually understand it, so they walk away more confident and better equipped for what's next. Outside of academics, I'm genuinely passionate about my studies, and when I'm not buried in textbooks you'll find me on the golf course or out on the padel court.
