

Meet your Tutor

TALITHA SCHOEMAN

Hi, I'm Talitha. I am a third-year BA Law student at Tuks with over two years of tutoring experience. I am committed to going the extra mile to help students excel both academically and intellectually.

With 5 matric distinctions, I understand the dedication required for top-tier results. My lessons are interactive, engaging, and tailored to each student's needs. I prioritise a supportive environment where you can progress at a comfortable pace.

I offer tutoring in both English and Afrikaans. Outside of academics, I am passionate about health and the beauty industry, I particularly enjoy going to the gym and staying active. I look forward to helping your child reach their full potential through a balanced and personalised approach to learning.
