

Meet your Tutor

VALENCIA MOTUPA

Hi, I am Valencia! I am a qualified teacher specialising in History, Sepedi, and Social Sciences, and I am currently completing my Honours degree in Education Management, Law and Policy Studies at the University of Pretoria. I have one year of tutoring experience in Sepedi and enjoy helping learners improve their language skills and academic confidence.

My tutoring approach is guided by patience, clear explanations, and adapting lessons to suit each learner's pace and learning style. I aim to create a supportive learning environment where learners feel comfortable asking questions and building confidence. Outside of tutoring, I enjoy reading books and playing netball.
