

Meet your Tutor

CHIEDZA LOZANE

My name is Chiedza Lozane (Lozy)

I am a qualified teacher and an experienced tutor specializing in Mathematics and Accounting. With three years of teaching experience and seven years of tutoring, I have had the opportunity to work with students from Boys High, Willow Ridge, St Albans and Reddford. My approach to tutoring is unique because of my extensive experience teaching boys, which has given me insight into how they learn and function. I believe in understanding a student first, as building a strong bond enhances the learning experience. My goal is to help students exceed expectations while making learning a joyful and fulfilling journey.
