

Meet your Tutor

ABBY ROTTCHER

Hi! My name is Abby. I have been tutoring for a little over a year and a half now, and it has been a privilege to work alongside students as we work together to achieve their goals and grow in their confidence to tackle their work. Every student learns differently, so I approach each lesson with creative thinking, patience, and encouragement to adapt to the way each student understands best. I tutor high school maths and science, both of which I achieved A's for in matric. I am currently in my third year of studying Interior Design. In my free time, I enjoy reading, spending time with friends and being in nature, whether that's going for a walk, run, or hike.
